The Presidents Council's theme is "Hands Across the State." This council is designed to help chapter presidents meet and develop collaborative unity. This gives chapter presidents a way to ask for tips and guidance from those who have experience. The goal is to build unity and strength for the state chapter leadership.

A pin has been proposed for the Presidents Council and is in the process of approval. More information will be coming about the pin as soon as it is available from The SC Division. Quotes are in the process and the design is to be manufactured by Pamela Wright.

**Application updated Sept. 18, 2011**
